NO FIRE ZONE
THE KILLING FIELDS OF SRI LANKA

The Importance of the 2015 'No Fire Zone' Impact Distribution Project

FEBRUARY 10

It is of vital importance that the change of government in Sri Lanka is not used as an excuse by the international community to drop the pressure over impunity in Sri Lanka. Tamil Diaspora has been calling for an International independent investigation of Sri Lanka's war crimes and crimes against humanity since 2009.

Mr. Callum Macrae is looking for support from Human Rights supporters around the world for his second updated release of the No Fire Zone project. His previous project in 2013 helped to get world attention and played a critical role in pushing the UN to launch an investigation into Sri Lanka's crimes against humanity.
